

A GREAT SALE OF WHITE FABRICS

For the "White Carnival"

When we start the season with such an extraordinary display as this, and at the same time clip down opening prices so that they look like the quotations usually made at the season's end, the selling is bound to be heavy.

Every popular weave in fine White Goods is here—White Lawns, Swisses, Corded effects, exquisite Mercerized effects and all others. All White Goods join hands for this event, particularly good goods at particularly little prices.

Lawns made from the best combed Egyptian yarn and every yard thoroughly shrunk. We figure these are about 2c to 3c per yard under price.

Long Cloths. One particularly good value is one made of very fine cotton. Especially pretty for underclothing. Per yard, 12 1-2c. Per piece of 12 yards, \$1.25.

Persian Lawn, a most beautiful fabric for fine, sheer waists.

Mercerized Goods at 25c Neat, dainty effects and permanent finish. A big line at this price.

Mercerized Goods at 38c. The highest line we have ever shown at this price. Prettier patterns have never been shown at less than 50c.

In all by far the largest line of White Goods we have ever shown up.

Remember the Linen and Underwear Sale!

Winook River farmers went to the granary from Nob Hill Wednesday morning. The thaw of Tuesday, followed by rain in the night, caused havoc with the ice in the river, and the rising water carried it into the road from Ding Hill nearly to the house of W. H. H. Smith, rendering travel impossible for several hours. As soon as the water receded, a force of men made a channel through.

We are sorry to see in the real estate advertisements one that corresponds strangely with one of our farmers, whom we should indeed be sorry to lose. However, we can trust that no change will be made.

Your Physician Gets the Best Results From Prescriptions Filled Here.

There's but one element common to all prescriptions—good and bad—and that's the formula. There are different ways of compounding—the scientific way and the careless way; then different drugs are used—excellent and inferior ones; then there's fancy prices and moderate prices. If there's one department we are justified in calling perfect it's our Prescription Department.

Careful compounding—the freshest and best drugs obtainable—in prices that are not exorbitant, like "so-called" prescription prices. Our volume of business both make the claims possible and prove them to be true.
